 Yarding 3300
 Change -5300

comparison date 29/03/2019

The CLTX monthly store cattle sale produced a fair to good penning of 3,300 mainly younger cattle, with the bulk entering the weaner categories. There was a limited supply of yearlings, along with scarce numbers of cow and calf units. Buyers travelled from Mudgee, Cootamundra, Oberon, Young and the local area, with the better end of the heavier yearlings purchased by the lot feeders.

The Angus breed were well represented throughout the weaner categories, with the steer portion weighing 200-280kg making from \$555 to \$800/head and averaging 279c after topping at 301c/kg. The same weight heifers sold from \$365 to \$570/head and averaged 202c/kg. The heavier yearling steers received from \$900 to \$1,090/head. The heifer portion sold from \$350 to \$655/head, depending on breed and weight.

PTIC heifers made \$830, as the PTIC cows made from \$360 to \$1,020/head, the latter for the Angus breed. Cow and calf units sold from \$510, for the plainer end, to a top of \$1,100/unit, this was recorded for a well bred cow rearing its first calf.
